

Italian Translation of the DCDQ (DCDQ-I)

Translation:

Completed

Reliability Testing:

Completed

Validity Testing:

In progress

****Publication:** Caravale B, et al. (in press) Cross-cultural adaptation, reliability and predictive validity of the Italian version of Developmental Coordination Disorder Questionnaire (DCDQ), European Journal of Paediatric Neurology (2013), <http://dx.doi.org/10.1016/j.ejpn.2013.11.009>

****Please note** that, although listed as an author, Brenda Wilson did not draft, revise, read or approve this manuscript.

Further Research:

Research is in progress to complete validity testing with 450 children (5 – 15 years) in collaboration with the Hospital of Pavia.
